### 2 Modes in 1

The TPR grips are soft to touch, and grippy enough to allow for a tight grip as they ride along.

### Suited for Anywhere

Non marking rubber wheels allow for a silent roll with no troublesome marks on your floor.

### No Need to Reach

An adjustable seat means finding the perfect sitting position is easy, allowing them to always be comfortable when riding

### Grows With Them

An adjustable handlebar allows the Velo Jr Balance Bike to grow, just as they do.

## Specifications

### Description

The Iconic Dual Rear Wheels and Best-Selling Balance Bike for kids

Our Y Velo Junior allows kids to practice with a stable 9" double-width wheel before switching to a single wheel as the kids build confidence. Parents choose our Y Velo Junior for the iconic dual rear wheel, as this innovative design makes it easier for kids to hold the bike while the dual wheel gives it more stability.

At such a young age, your child is probably growing at a rapid pace, giving many toys such as bikes and scooters a short lifespan. However, we wanted to ensure that the Y Velo Junior lasts as long as possible, that's why we designed this toddler balance bike with a height-adjustable seat and handlebars so that their bike can grow with them.

1 1/2 - 4 Years

44lbs/20kg Max. User Weight

Net Weight: 3.4kg

Size (LxWxH): 26x11.8x17.7 inches

Min.User Height: 760mm
