Lean To Steer

This steering system allows for a smooth ride and easy control of turns.

Lights the Way

Self powered LED wheels on the Glider Nua adds to the vibrant style of the scooter.

Take It With You

An arc folding mechanism and a handy accessory slot for wall hanging keeps the Glider Nua stowed away neat and tidy.

Safety First

The Glider Nua features a wide rear footbrake for ease of use and total control and safety.

Specifications

Description

The Y Glider Nua features an extra-wide LED front wheel, to ensure an amazing bright look and better visibility on the streets. Featuring an extra-wide rear wheel, it brings more stability and blind braking, that is more intuitive and safer for kids.

The extra wide deck is featured to allow side by side foot placement; finished in high grip rubber, it gives them a comfy ride, allowing them to gain more confidence as they learn. With a premium lean to steer mechanism, the result is a smooth-rolling scooter that lets them glide further and for longer.
